

SAGINAW CHARTER TOWNSHIP SIGN CONSTRUCTION CHECKLIST

Business \ Owners Name: _____ Address: _____

Permit #: PSP05- Parcel #: 12- Zoning Officer: _____

Date: _____

- Signs shall be constructed to meet the following requirements:
 - The Sign shall comply with design requirements found in the current edition of the Michigan Building and Electrical Code.
 - Identification – All Signs for which a Permit is required shall identify the name, address and operating telephone number of the Person responsible for the Sign.
 - Display of Street Address – The street address number shall be displayed on the primary freestanding identification Sign for each premises on land located in any commercial or industrial district. Display of street address numbers shall conform with the following standards:
 - Address number shall be displayed on the sign face or on the supporting structure of the Sign, at a minimum height of two (2') feet above grade.
 - The height of numbers shall be eight (8") inches.
 - If the premises which are identified by a primary freestanding identification sign contains more than one street address number, the street address number displayed on the Sign shall identify the lower and upper ends of the address range to which the Sign pertains.
 - Display of street address numbers on a Sign structure shall not be considered a Sign subject to the regulations contained herein unless the height of the address numbers exceeds eight (8") inches, in which case the street address number shall be considered a sign, subject to the limitations on size and number of signs contained in this Ordinance.
- Illumination
 - Shading – The light from any illuminated sign shall be so shaded, shielded or directed that the light intensity or brightness will not be objectionable to occupants of surrounding properties, and so that no direct rays from the light source are visible from any public right of way or from abutting property.
 - Intermittent lights – No sign shall have blinking, flashing or fluttering lights or other illumination devices, such as changing light intensity, brightness or color. No sign shall utilize moving patterns of light so as to convey an illusion of motion or animation. Beacon lights are not permitted.
 - Exposed Bulbs – No exposed reflective type bulbs, no strobe lights, and no incandescent lamps which exceed forty (40) watts shall be used so as to expose the face of the bulb, light or lamp to any public street or adjacent property.
