RE: Seidel County Drain  
Upcoming Construction Projects

Dear Timothy,

The purpose of this letter is to inform you of upcoming drain maintenance in your township. A contractor will begin working on clearing/chipping the trees along the Seidel County Drain possibly starting January 16, weather dependent. After the tree clearing phase, and probably during summer months, a contractor will begin working on removing sediment from the drain bottom. The sediment removed from the drain bottom will be leveled along the top of the drain inside the right of way in the farm and wooded areas, and will be hauled away in the yard areas.

Please see enclosed map for a location of proposed work.

Should you have any questions, please call our office.

Sincerely,

Marya N. Colpaert, P.E.  
Deputy Public Works Commissioner/Engineer
